2. Regardless of any other provision of this agreement, the Board shall not be required to incur any financial obligations which it may hereafter, in good faith, find or determine to be contrary to law; and neither party shall be bound by any provision of this agreement which it may hereafter, in good faith, determine or find to be contrary to law.
3. The effective dates of the contract shall be July 1, 2019 through June 30, 2021.

ARTICLE III - GRIEVANCE PROCEDURES

1. A "grievance" is defined as any violation of the collective bargaining agreement between the North Gibson School Corporation and the North Gibson Education Association (the "CBA").
2. Informal. In the event a teacher believes there has been a violation of the CBA, the teacher or his or her representative shall discuss the alleged violation as soon as practical with his immediate supervisor but in no case shall it be later than 20 calendar days from the date the grievant knew or should have known of the alleged contract violation. The term "supervisor" is interpreted to mean the building principal unless otherwise indicated. If the teacher is not under the supervision of a building principal, then he shall discuss the alleged violation with the director or coordinator to whom he reports. In the event the alleged violation involves more than one building principal, the matter shall be discussed with all building principals concerned. The building principal or supervisor will notify the teacher of the disposition of the informal grievance within fifteen (15) calendar days.

3. Formal. If, after discussion with his immediate supervisor, the teacher feels a grievance still exists, then the following grievance steps may be taken:

Step I. The grievant may, within 15 calendar days of the informal meeting, submit to his immediate supervisor a completed Grievance Report Form. The Grievance Report Form should identify the date of the alleged violation of the CBA, the facts giving rise to the alleged contract violation, the provisions of the CBA allegedly violated, and the relief sought. Within fifteen (15) calendar days of receipt of the Grievance Report Form, the immediate supervisor shall meet with the teacher and/or his representative in an effort to resolve the grievance. The immediate supervisor shall indicate his disposition of the grievance in writing within fifteen (15) calendar days after such meeting.

Step II. If the teacher is not satisfied with the disposition of the grievance, the grievant may submit the same to the superintendent. Within fifteen (15) calendar days of the date the superintendent receives the grievance, the superintendent will meet with the grievant(s) and his/her representative. Within fifteen (15) calendar days of the meeting, the superintendent will indicate in writing the disposition of the grievance. A copy of this decision shall be forwarded to the grievant and his/her representative, if applicable, and the supervisor. If the grievant fails to forward the grievance to the superintendent within fifteen (15) calendar days after receiving disposition of the grievance from his/her supervisor, the grievance shall be deemed waived.

Step III. If the grievance is not resolved at Step II, the grievant may appeal the superintendent's disposition of the grievance to the Board. The Board will hold a hearing on the grievance. A written answer shall be given by the Board to the grievant and his/her representative within fifteen (15) calendar days after the hearing. The decision of the Board shall be final and binding. If the grievant fails to appeal the grievance to the Board, the grievance shall be deemed waived.

ARTICLE IV-LEAVES OF ABSENCE AND PAID LEAVE

1. Leaves of Absence

Except for military service and family medical leave, which are governed by federal law, and maternity leave, as hereinafter provided for, a leave of absence shall be granted only to established and professional teachers. Leaves of absence may be granted without pay by the Board upon recommendation of the superintendent for the following reasons:

- a. A leave may be granted for disability based upon a physician's written report stating inability to work. Return to work from disability leave shall be based upon a physician's written report stating that the teacher is again able to assume his teaching duties.
- b. A leave may be granted for professional improvement, including study, travel, exchange teaching, and other areas of self-improvement. Such leave shall be granted for one (1) year.
- c. A leave may be granted for service in the Peace Corps and Overseas Dependent Schools. This leave normally will be granted for two (2) years.
- d. Each teacher may take a maximum of five (5) days per year of unpaid personal business leave with the superintendent's prior permission.

- e. Any teacher who is pregnant may continue in active employment as late into pregnancy as she desires, if she is able to fulfill the requirements for her position. All or any portion of leave taken by a teacher because of a temporary disability caused by pregnancy may be charged, at her discretion, to her available sick leave. This leave may be taken without jeopardy to re-employment, retirement and salary benefits, tenure and seniority rights.
- f. In the case of the birth or adoption of a child, the teacher adopting the child or either parent of the newborn child may elect to take a one-year unpaid parental leave of absence.
- g. Employees shall be granted up to twelve (12) weeks of unpaid family medical leave as provided under the Family and Medical Leave Act.
- h. General Leave Provisions
 - 1. No leave shall change the rights of a teacher. If the leave extends beyond the first day of May of any year, the school corporation, if it decides not to renew the teacher's contract, under prevailing law, for the next school year, shall give the teacher notice on or before May 1, that the teacher's contract will not be renewed.
 - 2. Leaves of absence of one-year duration may be granted at the discretion of the school board during the first 13 years of employment as a teacher in the North Gibson School Corporation. Any leave granted will be terminated if the teacher accepts full time employment in another school corporation.
 - 3. Notification of intent to return to North Gibson as an employee in the following year must be made to the Superintendent by March 1 of the year of leave. If notice to return is not received by March 1, employment of the person on leave will be considered terminated. A teacher returning from a leave of absence will have all accrued benefits restored, including advancement on the salary schedule when verification of credit for retirement under the Indiana State Teachers' Retirement Fund is submitted.

3. Paid Leave

- a. Nondesignated leave.

All teachers shall be allowed fifteen (15) nondesignated days per year.

- 1. Unused nondesignated leave days shall be added to the accumulated sick leave.
- 2. If an on-the-job injury results in an absence from school, this time shall not be deducted from cumulative sick leave.
- 3. The teacher's contract shall, by attachment, state the number of sick leave days accumulated prior to the beginning of the school year.
- 4. Up to, but not to exceed fourteen (14) accumulated sick leave days may be used if an ill parent who resides in the same home, spouse or child is hospitalized or in a hospice program, subject to proof of illness or hospitalization.

5. Paid Leave Incentive

- a. A teacher on a contract for the full school year who uses not more than three (3) days of paid leave during the teacher's contracted year school year shall be paid \$1000.
- b. A teacher on a contract for the full school year who uses not more than four (4) days of paid leave during the teacher's contracted school year shall be paid \$700.
- c. The paid leave incentive pay shall be deposited into the teacher's Section 403(b) account by July 1 after the conclusion of the school year.

6. No more than twenty-five percent (25%) of the teachers in any one school may take nondesignated leave on the same day. Should the principal receive requests totaling twenty-five percent (25%) of all the teachers in the school, any subsequent requests will automatically be denied.

b. Death.

An additional leave of five (5) school days per death may be taken for the death of any person in the immediate family. Immediate family is defined as parents, step-parents, spouse, brother, sister, child, step-child, current father-in-law, current mother-in-law, and first cousins, or a person residing in the same house as a part of the teacher's household at the time of their death. The specified days of death leave may include time necessary to attend to the personal affairs of the deceased and must be used within 90 days from the date of death unless the teacher is the administrator of the estate of a member of the immediate family as defined above in which case the time set forth above may be used up to the time of the settlement of the estate.

Three (3) days may be taken at the time of the death of current son-in-law, current daughter-in-law, grandparents, grandchildren, brother-in-law, sister-in-law, aunts, uncles, aunts-in-law, uncles-in-law, grandparents-in-law, nieces, nephews, and nieces- and nephews-in-law.

c. Professional or Civic Leave.

One leave day may be granted for professional or civic affairs if approved in advance by the superintendent or his designee. The purpose of such leave is to allow teachers to contribute their expertise to educational or civic functions.

d. Association Leave

The North Gibson Education President shall be released from his/her non-teaching supervisory duties for up to five (5) hours per week for Association business.

4. Sick Leave Bank.

To relieve teachers of financial burdens caused by extended illnesses, which deplete the number of accumulated sick leave days, a sick leave bank is established.

a. Contributions.

1. Certified personnel shall be entitled to membership by donating one day of accumulated sick leave. Teachers have until September 15 of each year to join. Teachers hired after September 15 may join the bank within 20 days of their initial employment.
 2. When the number of days in the bank falls below 50, each teacher shall be asked to donate one more day. Failure to do so shall cause the termination of membership.
 3. All days donated to the sick leave bank shall lose their identity as individual sick leave days. If a member should leave the corporation, these days may not be transferred to another corporation.
- b. Administration.
1. The North Gibson School Corporation shall administer the sick leave bank. A Sick Leave Bank Committee shall be established to consider all requests. The committee shall be comprised of two (2) administrators appointed by the superintendent and three (3) teachers appointed by the NGEA president.
- c. Procedures for Using the Bank.
1. To qualify for withdrawal from the sick leave bank, an individual's accumulated sick leave must be exhausted and the individual must have been out of school for a period of five (5) consecutive school days without pay. If the application is approved, payment shall be made from the sixth day. The committee may disapprove the request or approve any number of days up to the amount requested, but not to exceed 90 days per disability in a school year; provided, however, the above calculation for the number of sick leave bank days for which a teacher may be eligible is limited by the restriction that a teacher may not use sick leave bank days to extend a paid leave after the expiration of the ninety (90) day qualification period for the long term disability insurance.
 2. Requests for withdrawal from the bank should be submitted to the Superintendent and should be accompanied by a physician's certificate stating the nature of the illness and the estimated length of disability.
 3. Each request is subject to review by the committee every ten (10) school days, and an additional physician's statement may be required.

5. Court Duty Leave.

In case any employee is called for court duty, other than as a litigant, the difference between his regular salary and the salary provided by the court shall be paid by the school corporation.

ARTICLE V - PAYROLL DEDUCTIONS

1. Annuity Companies

The Board shall establish payroll deduction of tax-sheltered annuities for those teachers who submit salary reduction agreements (SRA) in accord with the North Gibson School Corporation 403(b) plan

document. To initiate or change such deduction, said forms may be submitted on a quarterly basis. The deduction shall be made once each month. The Corporation shall transmit the money to the appropriate vendor in accordance with the applicable IRS regulation.

ARTICLE VI - COMPENSATION

1. A teacher shall receive credit on the salary schedule on a year-for-year basis for time spent in active military service up to a maximum of four (4) years of total service.
2. Indiana State Teachers Retirement Fund. The amounts contained in (1) the salary schedule herein and (2) the extra duty pay schedule herein, (3) to the extent allowed by law, the severance pay includes three percent (3.0%) of said amounts to be paid directly to the Indiana State Teachers' Retirement Fund by the Board on behalf of each affected teacher for payment of the teacher's annuity share of such retirement contribution. Thus, the individual teacher's contract for each affected teacher shall be written for the amount of compensation payable which is less the said three percent (3.0%).
3. The basic salary for a teacher shall be paid in twenty-six (26) payments, which shall be approximately equal.
4. A stipend for ancillary duties performed by teachers, when deemed necessary by the school administration for teacher professional activities, will be paid at the rate of \$20.00 per hour.
5. Experience Credit for New Hires
Any certificated teacher holding a B.S. degree or higher may receive experience credit for related work stipulated for teaching certification. Each year of such related work experience shall be credited as teaching experience for pay purposes if the major portion of the teacher's assignment is in the area requiring related work experience for certification. Teachers, including those with an Emergency Permit, Career Specialist license, or Workplace Specialist license, may receive up to twelve (12) years of experience for related work outside the field of education. To qualify for the master's degree schedule, a teacher with related experience outside the field of education must have a journeyman's card and at least ten (10) years' experience in his/her trade and/or teaching.

APPENDIX A
BUYOUT OF SEVERANCE PAY AND EARLY RETIREMENT PLAN

Elimination of 2005-2006-Contract's Severance Pay and Early Retirement Plan and Early Retirement Health Insurance Subsidy

1. The Board and the Association specifically reserved the authority to revise or terminate the retirement benefits contained in earlier contracts. Exercising this authority, the Board and the Association now confirm that Article XI Fringe Benefits, Section 1. Severance Pay in the 2005-06 Contract is terminated. Effective August 1, 2007, Severance pay is amended in the 2006-07 Contract to provide payment for up to forty (40) days of unused sick leave at fifty (\$50) per day if the criteria for eligibility under Article XI Section 1 .a. are satisfied. The total amount will be added to the base salary of the retiring teacher and paid by contract addendum in the last year prior to retirement and paid in a lump sum by the June 30th of the last contract year. Article XIV Early Retirement Plan in the 2005-06 Contract is terminated. The Early Retirement Insurance Subsidy in the 2005-06 Contract is terminated. The eliminated part of Severance Pay, the Early Retirement Plan and Early Retirement Insurance subsidy shall not apply to any teacher retiring from employment with the school corporation on or after August 10, 2007. Those teachers who retired from employment before the effective date of the buy-out shall only be entitled to the retirement benefits contained in the prior Contract as of the time of his or her retirement.

2. **Actuarial Determination of Value of the Severance Pay and Early Retirement Plan Benefits**

The actuarial firm of McCready and Keene has been selected to determine the present value of the unfunded severance pay, early retirement plan and health insurance benefits described in the 2005-2006 Contract for each teacher who was employed as of the 2006- 2007 school year and returned for the 2007-2008 Contract year and otherwise eligible for such benefit and is in the employ of the School Corporation as of December 1, 2007. In making this present value determination, the following assumptions were used:

- a. The assumed interest rate for the purpose of determining the present value is five percent (5%) in the first seven (7) years of the plan and seven percent (7%) each year thereafter. However, for post-retirement cash flow purposes, a five percent (5%) interest rate is used.
- b. It is assumed that an employee terminates employment at the end of the school year in which the employee attains age fifty-nine (59) or on June 30, 2007 if the individual is already age fifty-nine (59) or older and has satisfied any retirement eligibility requirements for the specified benefit. If such employee continues employment after the attainment of age fifty-nine (59), and the employee was eligible for ongoing Board contributions to the 401(a) plan before attaining age 59, such contributions will continue.

- c. The Board's buy-out contribution for the early retirement plan's health insurance subsidy which is for post-retirement health insurance premiums is based on the \$2000 contribution for the single plan unless the teacher was age 40 with fifteen (15) years of service in NGSC as of June 30, 2001, and the teacher was enrolled in the employee plus one or family plan as of June 30, 2007, in which case \$5,000 is the assumed Board contribution per year from the employee's current age if age 59 or over, or from age 59 to when the employee is eligible for Medicare. Furthermore, payments will be assumed to terminate when the individual would be eligible for Medicare benefits.
- d. For those eligible for a buy-out contribution for severance pay, it shall be determined using the following assumptions:
 - 1. It is assumed that individuals do not retire until the later of:
 - (a) the attainment of age fifty-nine (59), or
 - (b) satisfaction of the eligibility requirements in Section 2(b) of this Article
 - 2. If the teacher has not already received a buy-out contribution for such years of service, \$175 per year of service, in the NGSC projected to the assumed age at retirement of 59.
 - 3. \$50 per day for each day of accumulated sick leave as of June 30, 2007 projected to accrue at eight (8) days per year to the assumed age of retirement of 59; however, forty (40) days shall not be bought out.
- e. Using the method of calculation described in Article XIV Early Retirement Plan in the 2005-2006 Contract, the present value of the early retirement benefit for each teacher who was at least age 40 with fifteen (15) years of service in NGSC as of June 30, 2001 will be determined, using the following assumptions:
 - 1. The M.S. starting salary as of June 30, 2006 is assumed to increase three (3%) per year until the assumed retirement age of 59, or if later, the age at which all requirements for such benefit would have been satisfied. The salary is the base salary plus the 3% TRF.
 - 2. The early retirement benefit is computed as one and forty-nine (1.49%) percent of the M.S. projected starting salary, including the three (3%) TRF, in the year the teacher reaches the assumed retirement age times the teacher's projected years of experience in the NGSC with a maximum of twenty (20) years being credited. This product is assumed to be paid per year from the assumed retirement age until the teacher attains eligibility for nonreduced Social Security.

- f. To confirm the accuracy of the underlying information to be used in the present value calculations, each teacher shall be provided with his or her basic data that will be used in the calculations, including, but not limited to, the following information: date of birth, date of hire, age, years of service in the NGSC and total years of service as of June 30, 2007, and accumulated sick leave as of June 30, 2007. McCready and Keene shall assist in the preparation of this verification sheet for each teacher. The Board will have the responsibility to forward the verification sheets to the respective teacher. Any corrections must be returned to the Board by the date indicated on the verification sheets. Failure to return the verification sheet by the date designated shall result in the presumption that the information is accurate.

- g. Using the above assumptions and the other assumptions contained on the buyout spreadsheet, McCready and Keene shall prepare the present value calculations for each teacher. Each teacher shall receive two copies; one to sign and return which shall be kept in the NGSC files, and one to be retained by the teacher. The contributions described hereinafter will be made by the funding date. If not, interest shall accrue at the assumed interest rate and the present value amounts plus interest shall be contributed to the teachers' accounts.
