## GRADUATION COURSE REQUIREMENTS

Please see the Academic Guide or the Guidance Counseling website for complete information and specific course titles.

The Indiana State Board of Education adopts course and credit requirements for earning a high school diploma. To earn an Indiana Diploma, students in the graduating classes of 2019 – 2022 must:

- Meet course and credit requirements designated by the state; and
- Pass the Graduation Qualifying Exam (GQE)/qualify for a GQE waiver; or complete the Graduation Pathways. Guidance can be found at: <https://www.doe.in.gov/sites/default/files/student-assistance/grad-reqs-2019-2022-cohorts-final.pdf>

Graduation Pathways will be required starting with the class of 2023. Guidance can be found at: <https://www.doe.in.gov/graduation-pathways>

The forty-two (42) credits necessary for graduation shall consist of forty (40) credits earned in the areas specified below as outlined by the IDOE and other NGSC School Board Approved local requirements (2).

1. English Language Arts	8 credits
2. Speech	1 credit
3. Social Studies	6 credits (World History, US History, Economics, & Government)
4. Mathematics	6 credits (Algebra, Geometry & Algebra II) [All 6 math credits must be earned in grades 9-12. Credits earned in middle school do NOT count towards the 6 credits]
5. Science	6 credits (Biology, Chemistry, Physics, or ICP and one other course)
6. Health and Wellness	1 credit
7. Physical Education	2 credits
8. Directed Electives	5 credits
9. Electives	6 credits
10. College and Careers	1 credit

Credit earned for Algebra I or Geometry courses taken at Princeton Community Middle School must be recorded on a student's transcript and be included in the student's grade point average (GPA) or repeated at the ninth grade level. Students making a B or better in either course at PCMS will not be allowed to retake the course at the high school to improve their grade or GPA. In addition the content of the course taken must meet the competencies and proficiencies of the corresponding high school course; transfer students' transcripts will be evaluated on an individual basis. NOTE: NCAA eligibility rules provide that courses taken before Grade 9 may not be used to satisfy Core Curriculum requirements for college athletic eligibility. Academic Honors and Technical Honors Diploma candidates must have at least 47 credits at the high school level.

### HIGH SCHOOL GRADUATION AND COHORT STATUS

Students who have not met all graduation requirements at the end of eight semesters will not participate in the commencement/Graduation exercises. However, if they meet all requirements during the summer following their eighth semester, they will be considered a graduate of their cohort class. Class designation will be determined by the number of years the student has been in high school. Thus, a first year student is a freshman and a fourth year student is a senior. Students who attend school more than four years will be designated as fifth-year seniors, etc. While a certain number of credits is not required for class designation, it is recommended that students have a **MINIMUM** of 12 credits following their freshman year, 24 credits following their sophomore year, and 36 credits following their junior year.

### POLICIES RELATED TO GRADING AND SCHEDULING

**High School Credit:** Each high school course receives one credit per class period per semester. \*WBL and the 4T Academy are the only exceptions.

**Semester Grades:** The semester grade is determined by the two 9-week marking period grades and the semester exam, if applicable. If the exam is exempt, each marking period will count at 50%. Teachers may choose to average percentages or letter grades when determining semester averages.

**Incompletes:** Incompletes on report cards will not be allowed unless there are special circumstances. Incompletes for special circumstances are to be arranged with the teacher. Students who are absent on exam day are expected to make up the exam during the teacher work day. All course work for approved incompletes must be turned in to the appropriate teacher(s) within 10 school days after the end of the marking period. Students may receive an "F" for any work that is not made up during the time period designated by the individual teacher. Report card incompletes may be changed to "F's" if the student does not turn in make-up work within the 10 day time limit.

**Grade Point Average:** Grade point averages are calculated using the semester grades. To figure grade point average:

1. Add the Grade Points for each grade received			
A =4.0	B- =2.7	D+ =1.3	
A- =3.7	C+ =2.3	D =1.0	
B+ =3.3	C =2.0	D- =0.7	
B =3.0	C- =1.7	F =0.0	

2. Add the total number of GPA Credits. Be sure to include failed courses.
3. Divide the Grade Points by the GPA Credits. Grade point averages are rounded to the nearest thousandth point.

**Weighted Grades:**

Princeton Community High School a weighted grading system to recognize and reward academic work in selected, more rigorous courses.

**Class of 2024:**

Letter Grade	Honors Courses in Core Academic Areas, Chem II, Adv.Speech Partial Weight	AP Courses & Organic Chemistry Full Weight
A	4.5	5.0
A-	4.167	4.667
B+	3.833	4.333
B	3.5	4.0
B-	3.167	3.667
C+	2.833	3.333
C	2.5	3.0
C-	2.167	2.667
D+	1.833	2.333
D	1.5	2.0
D-	1.167	1.667
F	0	0

**Class of 2025 and beyond:** An unweighted GPA will be calculated at the end of each semester. A weighted GPA will be calculated at the end of each semester by adding 0.01 points for Honors, Chem II, Anatomy and Physiology and Advanced Speech courses and 0.02 points for AP courses, Spanish IV and Organic/Biochemistry courses. Student transcripts will reflect both an unweighted and a weighted GPA.

**Dual Credit:** High school students may take college or technical school courses for high school credit (as well as college or technical school credit) while they are in high school. Interested students should see their counselor during the scheduling process. Several criteria must be met in order for dual credit to be awarded. An application must be approved **PRIOR** to taking the postsecondary course for high school credit. All dual credits offered at PCHS can be viewed on the guidance counseling site at [ngsc.k12.in.us/guidance-department](http://ngsc.k12.in.us/guidance-department).

**Student Schedule Changes:**

Underclassmen enroll for classes for the following school year during the second semester of the current school year. When school begins, schedules will be changed only if there is an error in the scheduling or to balance sections. All changes between classes except for study hall must be done **within 3 days from the beginning of the semester**. Changes will not be made on the basis of teacher preference. The **administration and guidance counselors** will make the final decision on all schedule changes.

**Students Withdrawing from a Class:**

Students must have permission of parent, teacher, guidance, and administration before withdrawing from a class. If a student withdraws from a class **after the first 2 weeks**, he/she will be given a **withdraw/failure** for the class.

**Students Withdrawing from School:**

Under Indiana law, any student who is at least 16 years of age but is not yet 18 years of age may withdraw from school prior to graduation after an exit interview with the student's parent or guardian with the school principal. The school principal shall make the final determination as to whether the student should or should not be allowed to withdraw from school.

**Re-taking a class/audit:**

A class may be retaken only if one or more of the following conditions exist:

1. The student received a grade of "F" in the class.
2. The student received a grade of "D+" or below and wishes to better master the content or meet the grade requirement for an Academic or Technical Honors Diploma.
3. The student has not passed at least one of the end of course exams required for graduation and seeks to become eligible for waiver consideration.

The following conditions apply to retaking a class:

1. A student who is allowed to retake the second semester of a two (2) semester class may also retake the first semester on an audit basis (no credit), with permission of the department chairperson.
2. A student may retake one class (one semester only) to improve a grade during his/her high school career and it must be within one year after receiving the semester grade of the class being retaken (may not be done after graduation).
3. No online classes will be accepted in replacement of high school courses when used for grade improvement.

4. The highest grade earned once the retaken class is completed will be used in the calculation of the student's GPA. The other grade will be replaced with an "R" (audit) and not configured into the GPA.
5. The grade that is earned in the retake class will be used in the calculation of the GPA, but the new GPA shall render the student ineligible for such awards as valedictorian, salutatorian, top ten, and other awards deemed by administration.

**Withdraw/Fail:** A grade of Withdrawal/Fail may be given for two reasons:

- 1) When the student is removed from a course for disciplinary or attendance reasons.
- 2) When a student withdraws from a course after the first two weeks of the semester. A Withdraw/Fail appears on the report card and permanent record as a "WF" for the semester grade and is included in the student's grade point average as an "F".

**Correspondence Courses:** Upon administrator approval, students may take selected high school courses through accredited programs and transfer those credits to the high school. It is the responsibility of the student to pay the cost of the correspondence course and to request the issuing school to send an official transcript to PCHS of the grade(s) and credit(s) earned. Students may transfer no more than two credits per semester. All transfer credits must be received by the guidance counseling office prior to graduation in May.

**Transfer Students:**

Students who are new to Princeton Community High School must meet with an administrator before enrolling for classes. An administrator will make contact with the sending school before a student will be considered for transfer enrollment.

**Credits and Placement from Non-Accredited School Transfers:**

Recognition of credits or course-work earned in non-accredited schools may be granted when the student's transcript has been received and it is determined that the course-work was equivalent to Indiana Academic Standards. The Board reserves the right to assess transfer students from non-accredited schools in order to determine proper placement and/or granting of credit and to be assured the student can demonstrate the learnings which are prerequisite to a placement and/or granting of credit. Whenever a student seeks to transfer into the Corporation from a non-accredited school the following procedures will be used to determine the student's proper grade placement or credits toward graduation.

- A. Identify the grade level that the student's age would indicate is the likely grade placement.
- B. Review the courses of study for that grade to determine the critical learnings that would be prerequisite for success at subsequent grade levels or courses.
- C. Review the student's performance (if available) on tests and/or other means of assessment that were used to assess the student's learning while participating in the non-accredited school. Determine whether the critical learnings identified in the Board's courses of study were properly assessed and, if so, how well the student has achieved each critical learning.
- D. If no prior assessment data is available, identify which tests (standardized or Corporation-made) as well as other means of assessment (research project, term paper, and the like) will be used to assess the student's achievement of the critical learnings. Arrange for the student to be assessed using the identified instruments.
- E. If the assessment so indicates, assign the student to the grade or course level suggested at the first step (with or without special assistance).
- F. Make arrangements for any form of special assistance that will be needed for the student to succeed at that level.
- G. If the assessment indicates that another grade or course level is more appropriate, register the student in that grade or course level and make whatever arrangements are necessary to provide for any needed assistance indicated by the assessment.

The principal of the school shall make the initial determination regarding the proper placement of the student and the extent to which any credit will be granted. The decision of the principal may be appealed to the Superintendent whose decision shall be final. If credits from a non-accredited school are granted and placed on a student's transcript, the grade entered on the transcript will be the grade received from the non-accredited school.

**Honor Roll:** PCHS recognizes significant academic achievement each semester by publishing an Honor Roll. Students will qualify for the Honor Roll by earning a minimum grade point average of 3.0 for the grading period and must not have any grades lower than a C-.

A Honor Roll	4.0
High Honors	3.5-3.99
Honor Roll	3.0-3.499

**Athletic Eligibility:** Students must meet certain IHSAA academic criteria to participate in sports in high school and during their postsecondary education. To be scholastically eligible to participate in any high school athletic event, students must have received passing grades at the end of their last grading period in at least five credit subjects or 70% of the classes in which they are enrolled, or must be currently passing in at least five credit subjects. Semester grades take precedence.

**NCAA Freshman Athletic Eligibility:** Many college athletic programs are regulated by the National Collegiate Athlete Association (NCAA), an organization that establishes rules on eligibility, recruiting, and financial aid for athletes. Students planning to enroll in college as a freshman and participate in Division I or Division II athletics must be certified by the NCAA Initial-Eligibility Clearinghouse. Students should visit [www.ncaaclearinghouse.net](http://www.ncaaclearinghouse.net) to start the certification process at the end of their junior year. A list of approved courses at PCHS as well as specific eligibility requirements are posted on this website.

## **SCHOLARSHIPS**

The most up-to-date, comprehensive scholarship information can be viewed anytime on-line at: <http://ngsc.k12.in.us/guidance-department>. This site is updated frequently as new scholarships become available, so students and parents should visit often. Further, the Guidance Counselors send emails to students and parents, visit senior classrooms, and make intercom announcements periodically regarding special deadlines and scholarship information. Dollars for Scholars, at <http://scholarshipamerica.org>, is the primary way PCHS students can apply for scholarships offered by Gibson County businesses and partners. Parents and students may make an appointment with their Guidance Counselor for assistance with scholarship applications. However, it is the responsibility of the parents and students to request available applications from the guidance counseling office and/or to apply on-line as necessary, to include all required information, and to complete the applications process on time.

## **ACADEMIC RECOGNITION**

**Valedictorian and Salutatorian:** Valedictorian and salutatorian will be determined by the class rank at the end of **eight** semesters. Class rank will be based upon the student's GPA over the **eight** semesters. To qualify, a student must have been enrolled full-time for eight semesters. The school administration will notify students and make public the names of those pupils who have earned those honors.

## **ATTENDANCE POLICY FOR N.G.S.C.**

Education is one of the most valuable undertakings of our country. Formal schooling is not only very desirable but also absolutely essential for the conservation of American society. The State of Indiana places education at the top of its priorities and requires that all students between the ages of **seven and eighteen** attend school. Accordingly, it is incumbent upon the school system to use every reasonable measure to instill dutiful attendance habits in every student. A day lost in the classroom can never be completely retrieved, and the dialogue between the teacher and the students in the classroom environment can never be effectively duplicated. In addition, a very high positive correlation exists between formal learning and school attendance. **Attendance at school is not an option**, and it is the expectation of the North Gibson School Corporation that all students will attend school regularly. The purpose of this attendance policy is to encourage academic effort by discouraging unacceptable absenteeism. Therefore, the following policy will be in effect at **Princeton Community High School**.

1. At Princeton Community High School, students can accumulate up to ten (10) total days of absence per semester. Students reaching the 11th day of absence from any class may lose credit for that semester in the class.
2. When a student has accumulated at least five (5) or more total days absent from school or class, the parent(s)/guardian(s) will be notified in writing. This notification will advise the parent(s)/guardian(s) of the corporation attendance policy.
3. If a student accumulates up to ten (10) absences from school or from any single class, the parent(s)/guardians will again be notified in writing that the student may lose credit for courses in question should the student incur another absence AND a parent conference will be requested. Prosecutor's office will be notified at this point.
4. The administrator may place the student on an attendance contract at any point in this process; this contract will specify the number of absences allowed and/or establish the consequences which will apply should the student violate the terms of the contract. If absences continue to accumulate, expulsion for the remainder of the semester may be requested.
5. If parent(s)/guardian(s) wish to appeal an attendance ruling, an appeals meeting must be set within ten (10) calendar days. The Appeals Board will consist of a school administrator, at least one of the student's teachers, and the guidance counselor. The administrator will appoint the teacher(s).
6. The school day begins at 8:00AM and ends at 2:55PM. Attendance for absences and tardiness will be recorded by class period. Arrival after the first 20 minutes will be recorded as an absence.
7. If a student accumulates five (5) unexcused absences, a parent meeting will be scheduled and held. If a student accumulates ten (10) unexcused absences in one semester, the superintendent or building administrator will report the student as a habitual truant to juvenile court or the department of child services, wherein the juvenile court may determine the student is committing a delinquent act under state law and the parent may be prosecuted for educational neglect.

NOTE: Attendance will be taken every period. Teachers are responsible for keeping attendance each period. School administration and staff will monitor attendance and determine loss of credit after confirming attendance in computer records and with teacher records. Building level administrator reserves the right to grant waivers for unforeseen circumstances.

### **Reporting Absence(s)**

1. Phone call to school at **385-2591** by parent/guardian (**Before 12:00pm** preferably).
2. Note from parent/guardian upon student return to school.
3. The school will make an attempt to contact parent/guardian when no contact has been made. If no contact made, an unexcused absence will be recorded.

**Absences are classified into three classes - Certified, Excused or Unexcused:**

### **Certified Absences:**

The following absences are certified and do not count toward the ten-day limit:

1. Service as a page in the Indiana Legislature
2. Serving as a poll worker on election day or helper to a political party or candidate
3. Active duty with the Indiana National Guard
4. Civil Air Patrol participation.
5. Exhibiting at or participating in the Indiana State Fair or member of the student's household (up to five days and if the student is in good academic standing)

6. Court appearances with a subpoena
7. Death in the immediate family.
8. Absences due to a medical or dental appointment (with doctor's office documentation)
9. School-sponsored field trips (student will be considered in attendance at school)
10. Sent home from school via the school nurse.

**Excused Absences:**

Parent notification of student illness.

**Unexcused Absences:**

All absences not designated as Certified or Excused shall be considered as Unexcused absences. All Unexcused absences will count toward the ten-day limit.

**Truant:**

A student will be considered truant when the absence from school is without the knowledge and approval of a school official or parent. Once a student has arrived on school grounds, whether it is by bus, private vehicle, or on foot, the student may not leave school grounds until dismissed through the attendance office, health suite, or by principal/designee.

A full day's absence will occur when a student is absent for five or more periods in a day. A half day's absence will be charged if a student is absent for three or four periods.

**Vacation Absences:**

Students are permitted to go on vacation during the school year without penalty (except the last week ending in each semester). The purpose of this administrative guideline is to establish standards to accommodate parents who want to take their vacations during the school year and the desire to enjoy that time as a family. Whenever a proposed absence for vacation is requested, parents must discuss it with the principal. The length of absence must be made clear, and those involved should have an opportunity to express their views on the potential effects of the absence. The Board will only recognize a student's absence for a vacation as an excused absence only when the student is in the company of the student's parent(s), grandparent(s), or an aunt or uncle (parent(s) or relatives of other students are not sufficient), unless there are extenuating circumstances approved by the Principal or designee. Vacation absences will count toward the 10 day limit.

**College Visitations:**

Seniors:

1. Each senior has up to 2 days for college visitation.
2. The two days can be taken in ½ days if necessary.
3. Students are responsible for doing make-up work beforehand.
4. Students need to inform teachers of visitations in advance and/or complete a "Field Trip Request" form.
5. Students should receive a "Visitation Verification Form" from the Guidance Counseling office.
6. The form should be signed by a college representative and returned the next day.
7. Parents must call the principal's office on the morning of the visitation.
8. Additional college visitation is at the discretion of the building principal.

Underclassmen: College visitation days for underclassmen may be allowed. The decision must be discussed with guidance and the building principal in advance for pre-approval.

**Student Absences and Participation in Athletic and/or Extracurricular Activities:**

1. Students who are absent due to illness.
  - A. To be eligible to participate in an extracurricular activity scheduled for the PM of a school day, a student must have signed into school by 12:00PM (noon) and remain at school. To spend any part of the remaining school day in the health suite may also make the student ineligible for an extracurricular activity scheduled for that day.
  - B. Students who are absent due to illness but who visit a doctor may be eligible if the attending physician writes a note approving the student's participation. That note must be in the hands of the school administration by the close of school that day.
  - C. Although absence on Friday affects the student's participation for that night, it does not affect participation in an activity scheduled for Saturday or Sunday unless the student has been absent for the last three days of that week. In that case, a doctor's certificate would be required to be eligible.
2. Non-illness absences:
  - A. Students who are absent from school for reasons other than illness may be eligible for participation as long as arrangements for the absence have been made and approved by the school administration.
  - B. Students whose absence is determined to be truancy or unexcused are ineligible for participation.
  - C. The above rule also applies to participation in practice.

**NOTE:**

1. It is the responsibility of the sponsor or coach to check the absence list on the day of a scheduled activity to be sure that all participants are in attendance.
2. A coach or sponsor's use of a student who is ineligible due to absence as described above may result in the suspension of that student during a future activity.

- In the event a situation might arise relative to this policy, which might require special consideration, it should be brought to the attention of the school administration.

**In Addition:**

**In an effort to maintain orderly operations of the school, students are not able to be excused to go out to lunch or to leave early on a half day.** In the event that a student needs to be excused for illness requiring professional assistance or for scheduled appointments (ex. doctor or dentist), a statement or appointment card must be presented upon return. **The administration reserves the right to approve other justifiable reasons for leaving early.**

**The School Day:**

The school day is continuous, and students are either in classes, club meetings, convocations, lunch or study hall. Anyone leaving school at any time must do so through the administrative office or through the health suite. Failure to do so will make the absence truancy. Students who are ill are not to call home to have parents come after them until they have seen the school nurse. The school nurse will determine the extent of the illness and contact the parents if the student should go home.

**Sign-in/Sign-out Procedures:**

- All students who are not in attendance by 8:00AM **must sign-in** with front office.
- Any student who needs to leave school before the end of the school day **must sign-out** with the front office.
- Students may not sign-out or sign-in without parental permission unless legally emancipated.

**Tardy Policy:**

It is imperative that students get to each class on time. There are 5 minutes for each passing period. The following progressive consequences will be given per number of tardies:

Tardy	Consequences
1-3	Warning and Discussion
4-5	Teacher-Assigned Detention
6-10	Lunch Detention Assigned by Admin
11-13	Cell Phone Left in Office for Day and After School Detention
14-16	Cell Phone Left in Office for a Day and Class Period AEA
17-19	Wednesday Extension with Community Service, Social Probation and No Fly List
20+	Full Day AEA

**Hall Pass Policy:**

As an effort to increase student safety and maximize instructional time in the classroom, the following hall pass procedure will be utilized:

All teachers will be provided color coded passes that are attached to lanyards. Students must wear the lanyard around their neck and the pass must be visible when outside the classroom. The color of the pass will signify the location the student is headed. Students without a pass will be considered tardy or truant and escorted back to class by a staff member. Teachers should only allow one student out of the classroom at a time, unless a student is called to another location by a staff member. Students will return the pass upon re-entering the classroom.

**ADDITIONAL SCHOOL INFORMATION**

**School Entrance/Visitors:** Parents and other adult school patrons are welcome to visit Princeton Community High School. Visitors are asked to pick up Visitors' Badges in the PCHS office. Parents wishing to speak to a specific school employee should call ahead for an appointment. No student will be allowed to bring visitors to school for the day. A parent of a child found to have live lice, nits less than 1/2 inch from the scalp, or bed bugs will be called to take the child home. Siblings will also be checked. The student may return only when he/she has been treated and is clean of all live lice and nits are greater than 1/2 inch from the scalp. Parents should provide information on the type of treatment used. The school nurse is to inspect the student's head or clothing before he or she will be allowed to return to the classroom. Our school's full procedure on head lice or bed bugs is available from the school nurse.

**Immunizations:** The Superintendent shall require parents to furnish to their child's school, no later than the student's first day of school attendance after enrollment, proof of the student's immunization status, either as a written document from the health care provider who administered the immunization or documentation provided from the State immunization data registry. If the student remains unimmunized at the close of the twenty (20) school day period, the Superintendent shall commence expulsion proceedings, unless the parents have filed a religious objection or submitted a health care provider's statement that the needed immunizations are contraindicated.

The religious exemption letter must come from the parent/guardian and must indicate the vaccine(s) they are objecting to and indicating the religious objection to said vaccine(s). This letter must be provided to the Superintendent. The medical exemption requires a form to be completed by a physician certifying a particular immunization may be detrimental to a student's health. Both exemptions must also be accompanied by a signed "Acknowledgement of Consequences of Incomplete Vaccination" in order for student to attend school.

In addition to being disciplined, students who use a wireless electronic device in a manner which violates this rule may have the device confiscated by school administration. Such a device will be returned to the parent.

All students will be expected to place their cell phone in a teacher-designated area in the classroom prior to that start of the class period. Consequences if in use of cellular phone or electronic device in non-designated areas during non-designated times:

#### **NOTICE TO STUDENTS AND PARENTS REGARDING CELL PHONE CONTENT AND DISPLAY:**

- The Child Abuse/Neglect law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with “child exploitation” or “child pornography” as defined by Indiana Criminal Statutes.
- It is “child exploitation”, a Level 5 felony under I.C. 35-42-4-4(b), for any person/student (10) to exhibit, photograph, or create a digitalized image of any incident that includes “sexual conduct by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes “sexual conduct” by a child under the age of 18.
- It is “child pornography”, a Level 6 Felony under I.C. 35-42-4-4[d], for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes “sexual conduct” by a child who the person knows is less than 18 years of age or who appears less than age 18.
- “Sexual conduct” is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or another person.
- The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, requires persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.
- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.

In most instances, the participants will be given the same corrective measures. **If it can be proven** that one of the parties did everything in his/her power to avoid the fight, corrective measures will vary.

The school will be clean and ready for a new school year in early August. The custodians and staff put a great deal of time in making our school a nice and appealing environment. 5. Speech (slurred, slow, distracted mid-thought, inability to verbalize thoughts);

An administrator and/or health services personnel trained to administer drug tests may conduct a test of a student's breath or urine. The cost of one school initiated breath or urine test will be paid for by the school/corporation and will be used for disciplinary action. After reasonable suspicion has been established by the administration, a student's refusal to submit to drug testing may result in the administration's proceeding as if the test were positive. If a parent or guardian refuses to allow any drug testing to be administered to his/her child, disciplinary action may be taken as if the test were positive.

If a parent chooses to have the student retested at a health facility, the school/corporation is not responsible for any of the costs. The school's retest form must be completed before retesting is done and the student will be suspended from school until the retest results are provided to the administration. All drug testing original data from any reputable health facility must be presented to the administration as proof of positive or negative testing before the student will be readmitted to school. If the retest is not completed on the same day as the school's drug and alcohol test and if the results are not provided within one school day, due process procedures for suspension pending expulsion may be initiated by the administration.

Positive test results from a reputable health facility may be used by the school's administration to invoke the reasonable suspicion policy. Drug testing results are considered confidential by the North Gibson School Corporation' administrative staff, but may be discussed with a student's guidance counselor or other school employee if it is deemed necessary by the administration in order to provide assistance to the student and/or for the safety of other students.

Any student who attempts to alter a breath test or urine sample may be disciplined by the administration. The student who possesses the breath test or urine sample and/or the person(s) who attempts to alter the breath test or urine sample may be subject to suspension and/or a recommendation for expulsion.

If a student tests positive, disciplinary action will be taken. Disciplinary actions may include: participation in the school's student assistance program(s), drug and alcohol prevention activities, suspension, or recommendation for expulsion. Students who test positive and participate in privileges granted by the school, such as extra-curricular activities, are subject to restriction of those privileges as recommended by the administration and/or as outlined by any additional rules and regulations established by North Gibson School Corporation. These rules and regulations will have been established in writing, approved by the School Board, and distributed to the participant before a student will be held responsible. North Gibson schools reserve the right to test for alcohol with a breath test at any time before, during, and/or immediately after a school sponsored activity or program rather than or in addition to urine testing.

Any substance for which a student has a prescription or written permission from a parent must be brought to the school health office and administered or taken there or it may be considered as an illegal substance unless substantiated in writing as a legal prescription issued to the student by a physician.

#### **Equal Opportunity and Nondiscrimination Assurance:**

North Gibson School Corporation agrees to comply with **all state and federal employment regulations**, will provide equal opportunity employment and will not discriminate on the basis of race, color, national origin, including limited English proficiency, sex or disability.

Education services, programs, instruction, and facilities will not be denied to anyone in the North Gibson School Corporation as the result of his or her race, color, gender, religion, disability, or national origin, including limited English proficiency.

### **WORK PERMITS**

**Child Labor Laws for the state of Indiana can be found at: [in.gov/dol/childlabor.htm](https://www.in.gov/dol/childlabor.htm)**

Effective 7/1/2021, Indiana no longer requires work permits for minor employees. Employers will no longer be required to complete the “Intent to Employ” form, and schools will no longer issue work permits. Employers will be responsible for maintaining an accurate list of all minor employees. All employers must still comply with the Teen Work Hour Restrictions listed here: <https://www.in.gov/dol/files/hrposter.pdf>

PCHS reserves the right to notify a student’s employer if a student’s academic performance and/or attendance rate does not meet the following guidelines at the end of each semester:

Academic Performance: A student must pass a minimum of 5 (five) credit classes.

Attendance: A student may not be absent from school more than ten percent (10%) of the days in a grading period. Certified reasons and written, excused absences are excluded.

### **STUDENT RECORDS AND DIRECTORY INFORMATION**

**Student Records:** Parents and eligible students may refuse to allow the Corporation to disclose any or all of such “directory information” upon written notification to the Corporation within fifteen (15) days after receipt of the Superintendent’s annual public notice.

**Directory Information:** Directory information may include a student’s name, (along with parent’s) address, telephone number, date and place of birth, email address, photograph, major field of study, grade level, participation in officially recognized activities and sports, height and weight, if a member of an athletic team, dates of attendance; date of graduation, type of diploma awarded, awards received, honor rolls, and scholarships. It may be released to the media organizations (including radio, television, and newspapers), colleges, civic or school related organizations, and state or local government agencies without the consent of parent or student.

Parents and eligible students may refuse to allow the Corporation to disclose any or all such “directory information” upon written notification to the Corporation.

### **MEDIA CENTER**

The High School Library Media Center (LMC) is an integral hub for the educational process. It provides for information literacy in a variety of formats and supports curriculum standards. In addition, the LMC provides for access to materials with regard to diversity, areas of interest, personal and educational growth, and recreational needs of the students.

### **NORTH GIBSON SCHOOL CORPORATION INTERNET POLICY**

A copy of the North Gibson School Corporation Internet policy is available in the **Student Handbook**, Superintendent’s office, Principal’s office, or from the school librarian. Every student using the Internet must have in their possession a student handbook with an **Internet Acceptable User Policy (AUP) signed by parent(s)/guardian(s)** before being allowed to use the Internet. Whenever a student is using the Internet, their AUP must be displayed so that instructor/staff member can check randomly.

### **STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY**

Users are prohibited from engaging in actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like) when using Corporation Technology Resources. Because its Technology Resources are not unlimited, the Board also has instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Corporation Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Corporation’s computer network and/or Internet connection).

First, the Corporation may not be able to limit access technologically, through its Technology Resources to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past, when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any

publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using the Corporation Technology Resources if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Superintendent or Technology Director may temporarily or permanently unblock access to websites or online education services/apps containing appropriate material, if access to such sites has been blocked inappropriately by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents/Guardians are advised that a determined user may be able to gain access to services and/or resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable or controversial. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications
- B. the dangers inherent with the online disclosure of personally identifiable information
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying, and other unlawful or inappropriate activities by students online
- D. unauthorized disclosure, use, and dissemination of personally identifiable information regarding minors

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while at school. Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions or use of specific monitoring tools to review browser history and network, server, and computer logs.

Students will be assigned a school email account that they are required to utilize for all school-related electronic communications, including those to staff members, peers, and individuals and/or organizations outside the Corporation with whom they are communicating for school-related projects and assignments.

Students are responsible for good behavior when using Corporation Technology Resources - i.e., behavior comparable to that expected of students when they are in classrooms, in school hallways, on other school premises and at school sponsored events. Communications on Education Technology are often public in nature. General school rules for behavior and communication apply. The Corporation does not approve any use of its Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable both civilly and criminally, for uses of Technology Resources that are not authorized by this Policy and its accompanying guidelines.

### **CONDUCT PHILOSOPHY**

The entire foundation and success of public school education depends upon the basic concept of self-discipline; self-discipline which allows all individuals to exist in a world of change and with the individual rights/liberties afforded them by our federal and state constitution.

Certain standards of student conduct are necessary to assure that students seeking to express their own individual rights do not, at the same time, infringe upon the rights of others. The responsibility for the development and maintenance of self-discipline falls to the cooperative efforts of students, parents, teachers, administrators, and community.

An environment that provides equal opportunity for all and permits the teaching-learning process to proceed in an orderly manner is the objective of all school personnel. School staff members will make every effort, individually, collectively, and cooperatively, with appropriate available community resources, to help each student gain acceptable self-discipline standards.

However, in the absence of self-discipline, the superintendent, principal, administrative personnel, or any teacher of the school corporation is authorized to take certain actions reasonable, desirable, or necessary to help any student, to further school purposes, or to prevent any interferences with the educational process.

Some misconduct is more serious than other behavior and requires different approaches and clearly defined referral to special personnel in the schools (counselor, assistant principal, principal)-parent conferences, suspension, referral to special central office personnel (pupil personnel or psychological), and expulsions are devices available to school personnel. Certain acts of misconduct will subject the student to suspension or expulsion from school. The principal within the school or school function under his jurisdiction and the superintendent, with respect to all schools shall have, and each is hereby granted, the authority to make written rules and establish written standards supplemental or in addition to this code governing student conduct, and take any action reasonably necessary to carry out or prevent interference with any education function. These rules and standards shall be subject to review, approval, and other limitations provided by law.

A teacher may exclude any student from an activity or educational function under the teacher's charge and supervision for a **period not to exceed 1 day per incident**. If it is necessary to exclude a student, the student is to be **removed to the Assistant Principal's office**.

## DISCIPLINE REFERRALS AND PROCEDURES

The administration feels that classroom discipline is first and foremost the teacher's responsibility. The administration will make every effort to reinforce the discipline procedures of the classroom teacher. We feel that the teacher must attempt other corrective measures and that removal from the classroom should be a last resort. If the student is sent to the office by the classroom teacher, a referral form will be sent.

General Procedures:

1. Teachers have the responsibility and authority to supervise and discipline students in a reasonable and just manner. Teachers are highly encouraged to make contact with parents as soon as possible when discipline problems arise.
2. The administration urges teachers to make the initial contact with parents regarding discipline problems within the classroom. If the problem continues, a parent conference will be scheduled for the teacher, student, parents, and administration.
